

Differential pressure diagram

SBK-Multipurpose manifold 5000 1¼" 08 circuits

Inflow = G 1 ½", Outflow = G 1 ½"

Connection between supply and return manifold: straight pipe 1", ca. 100 mm long

Valves of supply and flowmeters of return max. open

Medium water 18 °C

Flow rate Q = 13.950 l/h by Δp 1 bar

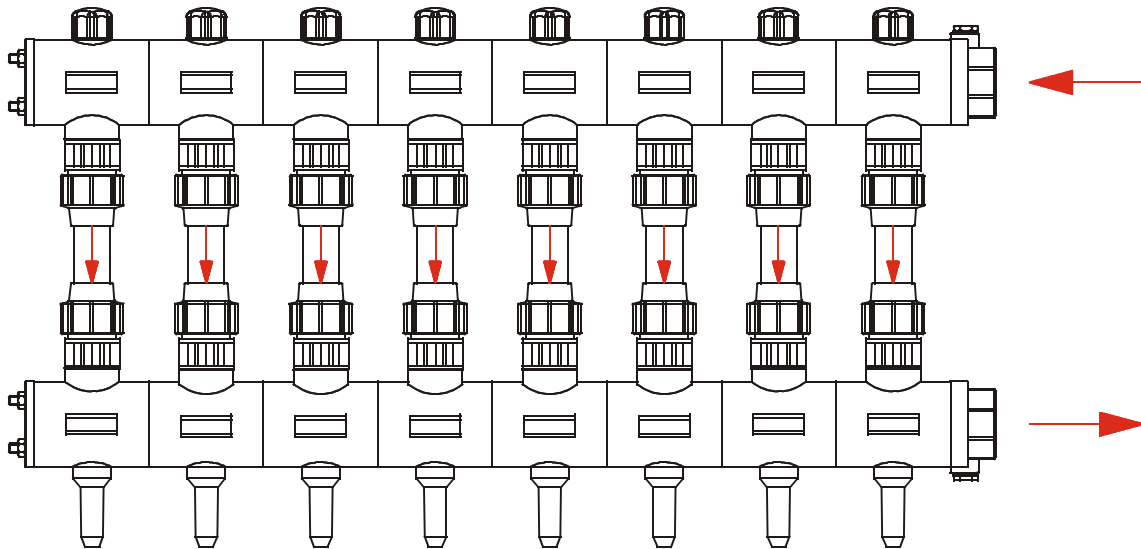

Diagram 1

SBK Multipurpose manifold 5000 1¼" 08 circuits, all circuits completely open

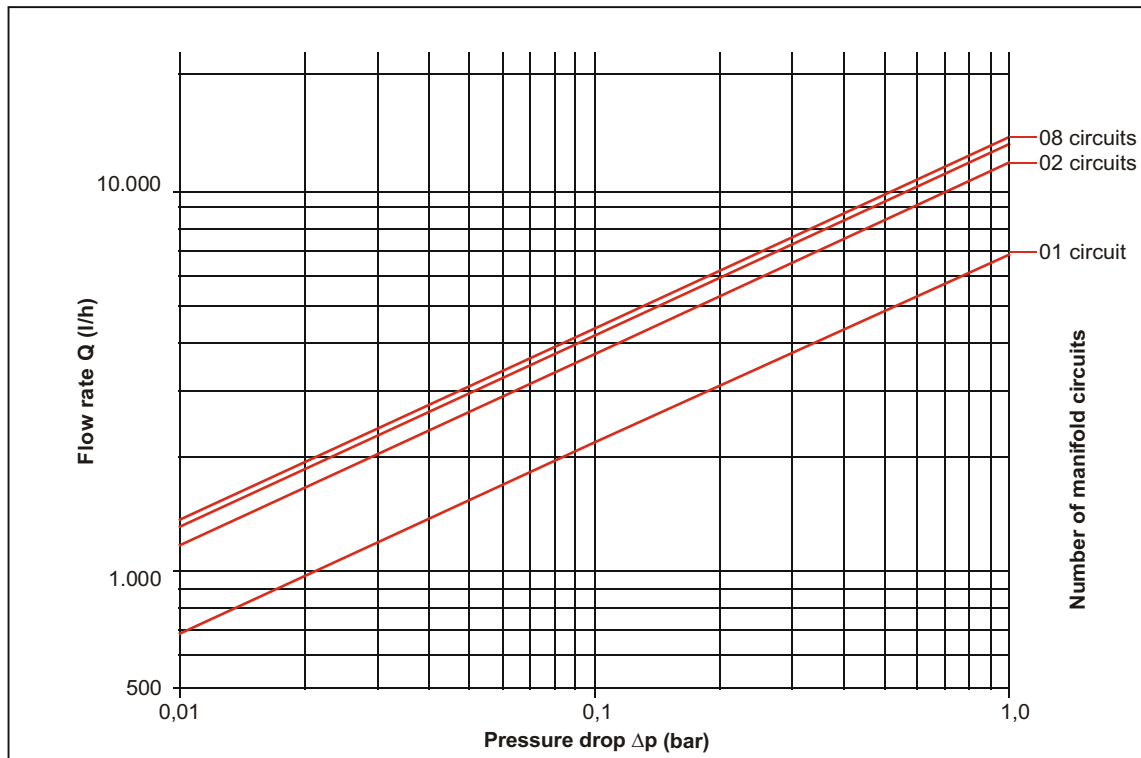

Diagram 2

SBK Multipurpose manifold 5000 1¼" 08 circuits, circuits one after another completely open

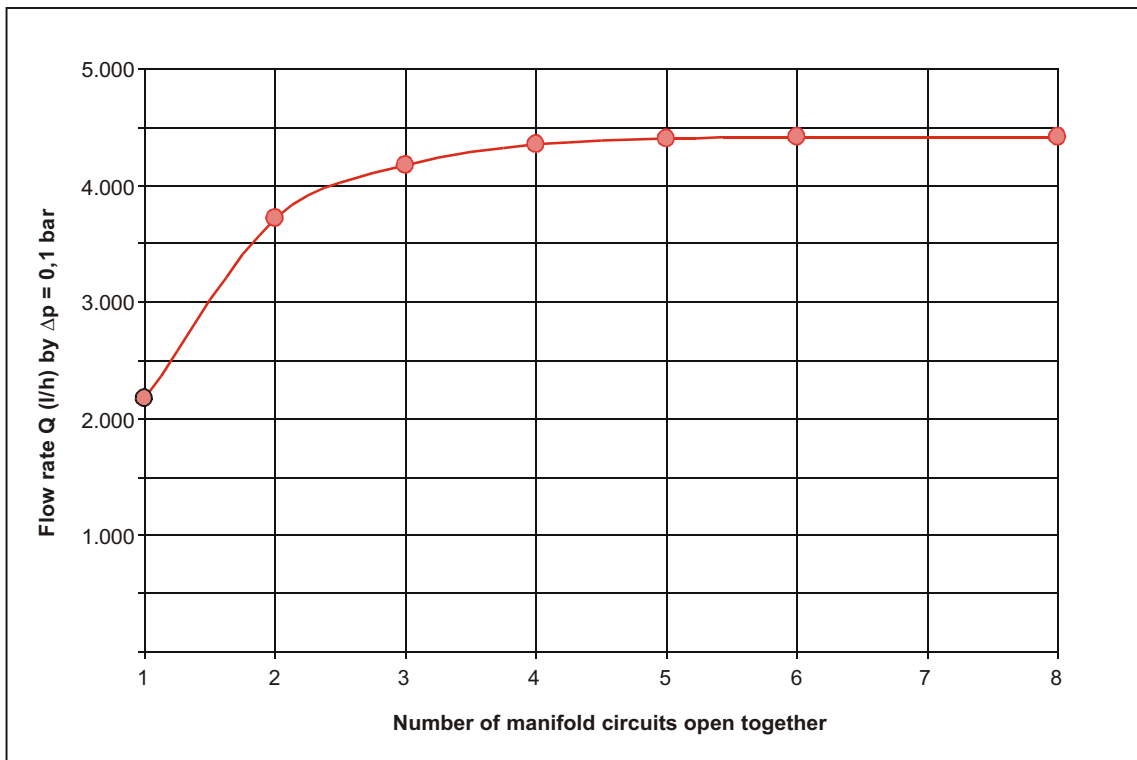

Diagram 3

SBK Multipurpose manifold 5000 1¼" 08 circuits, circuits individually completely open
